NIRVANA LARGE

When it comes to true lounging, a sectional sofa is perfect for sitting, lying, leaning and draping in comfort. With classic loft-style proportions, the Nirvana sectional sofa creates a haven in any corner. A sandwich of multiple density high quality foam and fibre layers are supported by pocket springs to create a luxuriously loungeful experience. A low back keeps it casual while angled arms are cushioned just the right amount for slouching. A special feature of the leather version is the raw open seams along the edges, which expose the natural colour of the hide, creating a striking visual contrast when your chosen leather finish is lighter or darker in comparison. The linen and moleskin models have a smooth, streamlined look with no open seams. Modules come with connectors.
